

Nancy & Jarrel Winings own and operate Doggone Good Antiques & More in Chambers. They expanded this business to the current location with a NENEDD loan in 2007. They sell a variety of antiques, furniture, glassware, pottery, refurbished items, household items, and gifts. They also carry Watkins products, Sugar Shack Candles & Soaps, Baker's Candy, Capitol Earth Braided Rugs & accessories, Viancin Silicone Kitchen items, Leanin' Tree

Cards, and their newest line of gourmet food products with their own Doggone Good label. They also have an Outdoor Room at the west end of the building where they showcase yard art, mosaics, and larger outdoor and seasonal pieces. As time permits Nancy does upholstery work, and refinish furniture for their store and customers.

With the assistance of NED, Inc. in 2015, they have expanded to do fundraising with schools and organizations with Watkins products and make gift baskets and gift boxes which can be mailed for business and corporate gifts. They now call their mail order gift boxes Doggone Good Gifts-To-Go.

This portion of the business has grown and they purchased another building just to the north of Doggone Good Antiques where they package and distribute the Watkins fund raisers, gift baskets, and Doggone Good Gifts-To-Go. As an extension of their current business they are able to add more schools to the fund raising season and increase gift baskets, plus have ample space to pack the Gifts-To-Go with plans for a year round mail order business.

Gift Baskets ready to be delivered

NED, Inc. provided technical assistance and a loan for improvements to the newly acquired building, to purchase inventory, and some working capital. The project created one new job.
