

Kay Nicole, Salon & More, LLC

Sheila Leetch & Brooke Stuhr expanded their beauty salon, Heads and Beds, to 141 S. 4th Street in Albion. It is now called Kay Nicole, Salon & More. The full-service salon offers cuts, colors, perms, waxes, esthetics/ facial skin care, and spray tanning. The business was originally started by Sheila. She had two part time stylists and worked full time herself. Brooke joined Sheila in 2007, and then left in 2011 to start her family. She returned in 2016 to work at the salon. When Brooke returned to the salon, they decided to update their existing location; however, since it was leased, they decided to obtain their own location rather than spend the money to renovate someone else's property.

Besides the beauty salon, the renovation included a 1,300-sq. ft. commercial space to be rented for a service &/or retail store next door. There is also a residential apartment on the 2nd floor. The upstairs also has space for another three apartments in the future.

NED, Inc. provided technical assistance and loan funds to expand their business. NED, Inc., Sheila, and Brooke partnered with Great Plains State Bank in Petersburg to finance the expansion. Five jobs were maintained.

Hours of operation:
Monday – Friday: 9 – 5
Saturday: by appointment
