Thomas Higginbotham, Executive Director Northeast Nebraska Economic Development District 111 South 1<sup>st</sup> St. Norfolk, NE 68701

Dear Mr. Higginbotham:

As an EDA Partnership Planning grant recipient, in accordance with EDA's regulations (13 CFR, Part 304), Economic Development Districts (EDD) must be evaluated at least once every three years. On November 16, 2022, the Denver Regional Office conducted a Peer Evaluation of your organization. The Peer Evaluation team consisted of Caroline Plante, Economic Development Specialist, Daniel Kojetin, Economic Development Specialist, and a Peer Evaluator, Beth Waddle, Executive Director of Southern Iowa Council of Governments in Creston, Iowa. The purpose of the review was to conduct an evaluation of the management standards, financial accountability and program performance of the district with respect the EDA Partnership Planning program. We appreciate the time and effort you took to accommodate the review for all of the participants. This letter serves as confirmation of the compliance with the regulatory requirements for the peer evaluation. Our team was impressed with the activities and procedures that your district has incorporated to implement the EDA planning process.

We commend you for the work you are doing to serve the needs of your counties in Nebraska. If you have any questions regarding the evaluation or other matters pertaining to your work with EDA, please contact Caroline Plante, Economic Development Specialist in the Denver Regional Office at (720) 392-9284 or <a href="mailto:cplante@eda.gov">cplante@eda.gov</a>. We look forward to continuing our economic development partnership with you.

Sincerely,

Caroline Plante

## **NENEDD Board Agenda**

**Object:** Approve a \$128,800 loan to Circle M Feed and Trailer Sales, LLC, in O'Neill

Contact Person: Jeff Christensen, NENEDD Business Loan Specialist

For: Action

**Background:** Telle & Jody Manchester are purchasing the former Sidak Feed and Trailer Sales located at 49111 Hwy 20 on the west end of O'Neill, right across the highway from AKRS (John Deere). The previous owner was in business for 34 years and wanted to retire from the feed/trailer sales business. Up until he sold the business, he wasn't actively trying to increase sales. The purchase includes real estate, business personal property, and inventory. They will now call it Circle M Feed and Trailer Sales, LLC which will offer products ranging from pet food to full feed rations, inoculants, and nutritional assistance for cattle feeders. They also sell all types of new and used trailers, parts and service, and forage handling products such as net wrap & twine. Both Telle and Jody work at the business and they have several part-time employees equivalent to approximately one full-time job (3 total) with plans to hire another full time person in the near future.

They call bag and bulk feed orders into Kent Feeds (Columbus) and/or Pellet TechnologyUSA (York). They use a trucking company out of Meadow Grove one to two times each week to pick up bags/bulk feed and brings bags to the store or to the customer that orders bulk feed. There are times that Telle also picks up bag feed at both York and Columbus. Besides their own ranch and experiences, Kent Feeds has on call nutritionists they can call with any questions or information they need to help customers related to rations or nutritional questions that they may not know or are unsure of.

They sell, trade, and order many trailers such as flatbed trailers, stock trailers, hay trailers, and utility trailers. They also sell trailer parts and Telle does repairs on trailers as well. They are dealers for D&K Trailers, Atchison Mfg. Hay Trailers, and Circle D Trailers. Their trailer sales, repair, and parts is approximately 10% of the business income.

They have approximately 450 customers with an average of \$100,000 in sales per month. They plan to put up bulk bins and expand their warehouse. They also sell bulk cattle cubes. This sets them apart from other feed stores. When they do put up bulk bins, they will be the only feed store within miles to have a large amount on hand. That will also open the opportunity to sell cake feeders and fill them at their store. They truly feel this will help them upsell to customers and be able to accommodate their customers.

The total project costs are \$322,000 which includes \$250,000 for the purchase of the business and \$72,000 for inventory. The Manchester's and Great Plains State Bank in O'Neill are requesting that NENEDD provide a loan in the amount of \$128,800 for the project. The Bank is considering a loan of \$161,000. Manchester's will inject \$32,200 cash. The project will retain three jobs including Telle and Jody and add one job for a total of four jobs.

## **NENEDD Board Agenda**

**Object:** Approve a \$94,512 loan to Tornado Alley, LLC, in Wisner

Contact Person: Jeff Christensen, NENEDD Business Loan Specialist

For: Action

**Background:** Garrett Lampman is planning the purchase of equipment to upgrade Tornado Alley, the bowling alley in Wisner, located at 507 Ave. E. <a href="https://www.facebook.com/tornadoalleyllc">https://www.facebook.com/tornadoalleyllc</a> It was formerly called Wisner Lanes/Coachman's Steakhouse. The equipment to be purchased includes replacing all eight lanes with synthetic lanes, replace pin setters, and replace the electronic automatic scoring system. Garrett has been working with Jayhawk bowling out of Kansas. They will supply Brunswick GSX machines that are from the bowling center at Georgia Tech University. The advantage of purchasing these machines is they aren't as used and abused as pin setters that are from public bowling alleys.

Prior to Garrett purchasing the Wisner bowling alley, it was closed two to three years. Garrett bought the business from the previous owner on a 20 year contract for \$180,000 in September 2020. He opened it up in June 2021 after making repairs on his own. For the remainder of 2021, he operated the local bowling leagues and continued to make repairs. His first year of league was rough as every league night was stretched an extra hour or so due to constant lanes problems. Right after league ended, he had a set of scoring monitors break that cannot be fixed. With all the problems of old worn out machines, scoring monitors, lane surfaces, etc. he is left with two lanes that work well, one that works ok, one that works without scoring, and four broken lanes that cannot be used at all.

Garrett plans to have multiple leagues throughout the year. Along with Leagues he will offer Cosmic Bowling, Open bowling Friday and Saturday nights, as well as reservations for any other night he is open. He also wants to run tournaments throughout the year: New Year's Day, St. Patrick's Day, May Day, July 4<sup>th</sup>, Labor Day, Halloween, etc.

There is dining in the bowling area where food and drinks are served with nightly specials. He sells various sandwiches that most everyone considers "bar food". There is a separate dining area that is currently not being used. He plans to open that up as a gaming room that can also be used for other events/reservations such as birthday parties.

The total project costs are \$236,281 which includes \$172,893 for the pin setters and synthetic lanes, \$41,908 for the new scoring system, and 10% contingency. Garrett and Citizens State Bank are requesting that NENEDD provide a loan in the amount of \$94,512 for the project. The Bank is considering a loan of \$118,141. Garrett will inject \$23,628 cash. The project will retain three jobs including Garrett.
