

Lisa Lawton started an espresso shop called Elkhorn River Coffee Company, LLC, which is located at 203 Railroad St. in Scribner. The business has a drive through window and inside seating offering a wide range of espresso coffee, teas and blended drinks using quality ingredients, much of which is locally sourced. They also offer smoothies, energy and other drinks of which all are made hot, on ice or blended, breakfast sandwiches, doughnuts, pastries and lunch items including soups and sandwiches.

Northeast Economic Development, Inc. (NED, Inc.) provided funding and partnered with Center for Rural Affairs for the business startup. The project has created nine jobs including Lisa.
