

Jeremy Young, DVM, and his wife, Kim, built a new facility for their business, TC Vet Clinic, located at 2572 St. Hwy 14 in Albion. The new 6,400 sq. ft. facility allows them more room to provide quality care and surgery to both large and small animal patients. It has multiple exam rooms to increase efficiency allowing them to see more patients in a day and enables them to expand their boarding services to 20 kennels and have a separate room for cats, a room for grooming and separate cages which can be reserved for ICU and surgical/medical patients. They also have a larger lobby area where they have more visibility for clients to see retail items available for purchase. TC Vet Clinic has other satellite locations in Elgin and St. Edward.

Northeast Economic Development, Inc. (NED, Inc.) provided funding and partnered with Cornerstone Bank in Albion, Boone Co. Economic Development and Albion Economic Development for their new building construction. NED, Inc. and Jeremy also partnered with Loren Kucera, Director of the Nebraska Business Development Center, for business plan and loan packaging assistance. The project added 3 jobs and retained 9 jobs including Jeremy.
